Name: Remover Acetone Free ECO

Product: Nail polish remover without acetone totally NATURAL

Description

Remover without acetone that removes the nail polish without attacking the nail.

How to use: Gently massage your nail with a cotton pad

Specificity

Innovative completely NATURAL nail polish remover, thanks to the presence of Ethyl-Lactate, derived from Bio-Ethanol, completely natural and non-toxic.

Active Principles

Vanilla Extract. Extracted from the vanilla planifolia fruit, a tropical orchid, it has excellent aroma-therapeutic properties: it is relaxing, antidepressant, re-balancing, soothing, perfect to combat stress and insomnia. Vanilla is also a natural anti-oxidant, it combats free radicals and it is a good antiseptic product.

Tangerine Mandarin extract. Extracted from the peel, it is rich in limonene (anti-oxidant principle) that is able to delay the skin aging. Its soothing and purifying properties are known. Moreover it has disinfectant and antibacterial properties.
